What projects or outreach events did your ministry center accomplish during this month? Include

As we say in LHM Nicaragua October is our Lutheran month!!! Since the beginning of the month LHM organized different activities concerning this celebration, our volunteer start to prepare banners and information that is share during the whole month. We also organized different competition during our Radio Programs concerning some questions about the Reformation day and about biographical life of Dr. Martin Luther.

We also participated in the worship service in Chinandega where all the Lutheran Congregations had a worship celebrating the 493 anniversary of the Reformation day. Our LHM volunteers distributed our printing materials between the people who participated in this special worship service.

During this celebration. All the Pastors members of the Nicaragua Synod participated with some Delegates that they invited from their communities

Our Ministry also received special recognition from the ILSN (Lutheran Church Synod of Nicaragua) for the continue support that we are offering since the foundation of the Lutheran Church until today.

Ricardo Arguello LHM Director received the recognition in the name of CPTLN. Our Director said during his speech that we are able to support our church first of all it is thank God and also thanks the support that we are receiving from LLL-USA and Canada, who are supporting our ministry since the beginning of our mission in Nicaragua.

During this month we also organized a drawing contest between the kids who are participating in our bible courses from the different communities. We invited to participate the Lutheran congregations and the winner of the first place was the kid from Chinandega.

We are preparing the condition for a new event concerning the annual activity called “CHICA JOEL” the girls who are participating in our daily activities in their communities now are preparing them selves for this important contest that we are organizing for the coming month. They are gathering in our main office to receive the training and chorography.

During this month we also received the visit of Mr. and Mrs. Lammert who were visiting Nicaragua in private

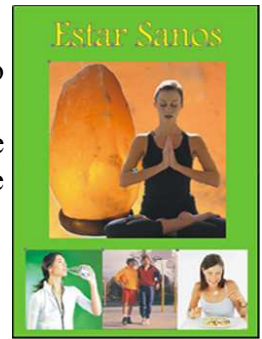

visit and during their stay in the city of Leon they wanted to see our work in Nicaragua. The Lammert are member of a Lutheran Congregation in Texas and they wanted to share their faith and experience in Christ.

What new ministry programs or literature did you produce during this month?

During October we distributed the monthly booklet titled “Be Healthy” and we also printed a new Bible course title the things that scare us from the book of revelation. A lot of people visited our office looking for this important topic and in same time people understood that it is very important to take care of our body because it is the Temple of the Holy Spirit.

Considering only the ‘referrals’ you have made this month, how did you successfully nurture and educate these people in faith? Please describe your methods and effectiveness.

Our volunteers and ETS commissioners informed and were teaching things concerning the reformation, between the information we explained some thesis and also some biographical information about Dr. Martin Luther.

Briefly describe the results of your evangelism training (ETS) and how you have maintained contact with the volunteers recruited at these events?

We still sharing information concerning our monthly activity like this month we distributed the booklets that inform about the reformation day and the 95 thesis written by Dr. Martin Luther.

What major ministry or projects will you be working on in the next month?

During November we are going to start our annual campaign for the kids who do not receive a toy during Christmas, then every year we gather toys and break “piñatas” for all the kids who participated in our Bible course during the year in the different communities where we are bringing the Message.

We are going to carry out one more round of “Chica JOEL” the Christian beauty contest that we organize every year, the candidates are very excited with this activity and they are involving more and more young people in our JOEL program.

During November we will start our campaign to launch the Bible course about the book of Revelation, we will share it with our Lutheran congregation in the different cities where we have presence. We will distribute the monthly booklet for November that is titled “When all is Done.” and other administrative tasks that we are going to develop during the month.

How did you promote or advertise your local ministry center during this month and what were the outcomes? Give specific examples of advertising or promotions used this month.

During this month we focus all our programs like Radio, booklets and bible courses to report and share all about the reformation day and the 95 thesis and about the life of Dr. Martin Luther.

MINISTRY STORY

One more try

I was eager to go to college and especially I wanted to qualify for medical school, I concentrated on the admission test and I was sure that would classify. Unfortunately it was not this way. I was so sad that I started to wondering bad things like kill myself!!! Thanks God I got a little booklets distributed by LHM and I understood that God is love and he never leave us alone and also I understood that I can get another opportunity for this test. I really appreciate the work and the information that LHM is offering us, in my case it was super important to read this message that calmed my life in a difficult moment. My God continue blessing this ministry and all the work that you are doing here and around the world.

Note: Manuel is a young man that wrote this message and today is very active also participating in our programs offering his free time arguing that we can not stop sharing the God's Message.

Document any projects you have completed during this month in partnership with other organizations (both Lutheran and non-Lutheran).

We still supporting a lady organization again the violence, we participated in a special workshop where we explained that it is very important the spiritual orientation y the family that why we are offering them bible courses and printing materials that they can share between their members.

Are there any other concerns/issues/comments you would like to make that were not addressed elsewhere?

This month was the birthday of Francisca Rivas one of the oldest and very active volunteers since the year 2000, she is a elementary school teacher and also is bringing the Message to her school and involve her school colleagues in our activities. Happy birthday Francisca!!!!
